

Brown Eyes

*Brown Eyes oooh – Brown Eyes oooh
I see you standing in the doorway, Brown Eyes, Brown Eyes
Never have I seen such very lovely brown eyes, Brown Eyes
I can tell what's on your mind
Really the same as mine*

*Oh! You rattle my bones
You're making my soul a bit stronger
Oh! You tickle my toes
I can't take it alone anymore
I can see your number and my telephone works fine*

*I see you comin' closer slowly, Brown Eyes, Brown Eyes
Your gaze melts me down like butter, Brown Eyes, Brown Eyes
I can tell what's on your mind
Really the same as mine*

*Oh! You shiver my shoes
You're making my blues a bit brighter
Oh! I'm so into you
I'm making a move for your heart
I can feel you tremble and I'm telling you you're mine*

*I have seen you at night when I'm traveling in my dreams
Now that you're near me
I've got to take the chance to bring you right into my life*

*I can't my eyes off you and those two brown eyes, Brown Eyes
They flicker to me once and over, Brown Eyes, Brown Eyes
Brown Eyes, oooh
Never have I seen such lovely big brown eyes
I can even tell what's on your mind
You melt me down like butter, (wooh!) with those big brown eyes
They flicker to me and I'm just about to lose my mind
Brown Eyes*
