

# Love's Around the Corner

*There's love around the corner and I know that it's true  
It's been there all your lifetime, waiting there for you  
So I read my petition to say that it's true  
That love's around the corner for you*

*If you read beyond the surface there's so much you can do  
The clouds need not be counted – the sun is there for you  
So I read my petition to say that it's true  
That love's around the corner for you*

*It feels so good - I'm glad you're here  
It turns me on when you are near  
It makes me high*

*So I read my petition to say that it's true  
That love's around the corner for you*

*It doesn't take a lifetime to know who you are  
It takes – but then it doesn't  
It's easy to go far  
So I read my petition to say that it's true  
That love's around the corner for you  
Yes, love's around the corner for you*
