

I'm Alright And You're OK

*I'm alright and you're OK
It couldn't help but happen just this way
Yes, I'm alright and you're OK
It seems so natural how we got that way
You quite happy being you, and I quite happy being me*

*And I'm alright and you're OK
It couldn't help but happen just this way
Yes, I'm alright and you're OK
It seems so natural how we got that way*

*There was a time when all I could find
Was emptiness and loneliness around me
Well, I guess that it's true so if it's alright with you
Our thing together will carry on*

*You're quite happy being you
And I'm quite happy being me*

*And I'm alright and you're OK
It couldn't help but happen just this way
Yes, I'm alright and you're OK
It seems so natural how we got that way*

*Yes, I'm alright and you're OK
It feels so good now we got that way
Yes, I'm alright and you're OK
It's supernatural how we got that way*

Mmmmmm
